

Advantage Through Automatical Earnings Announcement Analysis

WHAT?

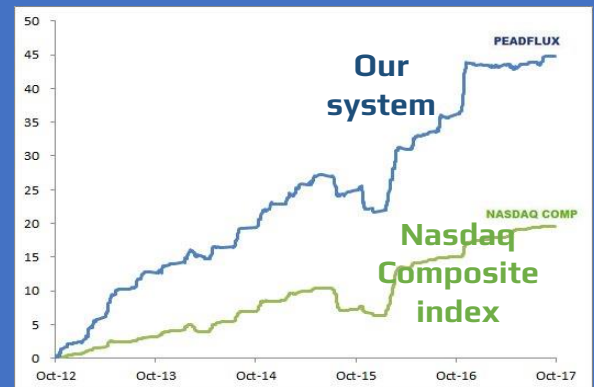

PeadFlux™ is the solution for Professional Class Stock Analysis

Since 2013 we have used it for actual Low Frequency Trading providing real index beating results.

WHY?

There are no commercially available tools for analyzing mid-term phenomena, like Post Earnings Announcement Drift

Our actual cumulative trading performance compared to Nasdaq composite index.

TO WHOM?

The System is targeted to:

Institutional Investors

Fund Managers

Private Investors who are looking for advanced analytical support for active Stock Trading

CALL TO ACTION!

We are looking for strategic partner(s) to invest in PeadFlux and to establish 2M€ PEAD Pilot Portfolio to provide real-life validation of the index beating potential of PeadFlux.

PeadFlux is a FinTech Innovator
